

Spring Scavenger Hunt

Spring is a great time to get outside and enjoy the warmer weather! It is also a good time for spring cleaning and making sure your community is clean, safe, and litter-free. When you're outdoors in your neighborhood, at school, or at the park, you can help by picking up litter when you see it!

Find a plastic or reusable bag and see how many of these scavenger hunt items you can find and dispose of properly in a trash can. Remember to be safe and let an adult pick up any items that might be unsafe like glass or cigarette butts.

- Candy/Food Wrapper**
- Plastic Bottle**
- Soda Can**
- Disposable Cup**
- Paper**
- Water Bottle**
- Straw**

Great job! Did you see any flowers, bees, or squirrels while cleaning up? By helping to keep litter in its place, you are helping nature and wildlife, while making your community a more beautiful place!
